In the event of a conflict between any of the terms, the applicable precedence shall be the order in which the terms are mentioned in this term 3 (highest level of precedence first).

4. These Specific Terms and Conditions must be read in conjunction with [Vodafone Privacy Policy](#), [Vodafone Traffic Management Policy](#) and [Acceptance Usage Policy](#).

5. Vodafone reserves the right to limit the number of the Plans offered to a single person/legal entity.

6. All rates and charges quoted below are inclusive of VAT but are exclusive of excise tax or any other taxes which may be applicable, unless provided otherwise.

### 7. Genius Plan and Genius Options:

\*Introductory Offer: As an introductory offer, we are offering the following benefit to any customers subscribing to Genius Options from 27th June 2019 until 2nd January 2020, unless extended further by us:

1. Discount on Price of the following Options: The Price of Genius 5GB Option will be discounted to €10.99 instead of €13.99 meaning that when topping up with €15, €10.99 will be deducted and €3.43 will remain in your main account. The Price of the Genius 10GB Option will be discounted to €17.99 instead of €18.99 meaning that when topping up with €20, €17.99 will be deducted and €1.24 will remain in your account. In the event that you top-up with €30, €17.99 will be deducted and €10.86 will remain in your main account. When topping-up with €50, €17.99 will be deducted and €30.09 will remain in your main account.

**7.4.** The benefits (Data allowance & Vodafone minutes) provided with each Option are valid for the duration of the Validity Period set out in Table 1 above, unless you top up with the same Top Up Trigger amount whilst your Genius Option is still valid (see point 1 below). This means that there are two scenarios that apply to your benefits depending on the amount and time of your next Top Up:

i) Top up with the same Top Up Trigger amount whilst your Genius Option is still valid (see Validity Period in Table 1 above)

- a. Any remaining benefits will be carried forward and can be used during your next Validity Period
- b. Example: Day 1 you top-up €10 and you get Genius 2.5GB which expires in Day 14. On Day 12 you top-up again with €10; this will trigger Genius 2.5GB again, and you will also keep any unused data from your previous Genius 2.5GB Option and can be used whilst the 2<sup>nd</sup> Option is valid.

ii) Topping up with different Top Up Trigger amount whilst your Genius Option is still valid (see Validity Period in Table 1 above)

- a. The benefits provided with your 1<sup>st</sup> Genius Option will remain valid and available until the expiry of its Validity Period; once its Validity Period expires any remaining benefits from the 1<sup>st</sup> Option will be lost. This means that upon such expiry, or in case you use all the remaining benefits from the 1<sup>st</sup> Option, you can start using the benefits provided with the 2<sup>nd</sup> Option.
- b. Example: Day 1 you top-up €10 and you get Genius 2.5GB which expires on Day 14. On Day 12 you top-up again with €15 and Genius 5GB is provided. Between Day 12 and Day 14 your options will accumulate. On Day 14 any remaining benefits from the 2.5GB Genius Option will be removed and you will continue benefiting from the 2<sup>nd</sup> Genius Option benefits.

**7.5.** Should the Validity Period of your Genius Option expire any remaining unused benefits will be forfeited upon the expiration of the Validity Period of your Option. For the avoidance of doubt, this does not apply to the Credit left in your account which will remain available. Upon the expiration of the Validity Period, you will receive an SMS notification whereby we inform you that the Genius Option has expired and any unused data has therefore been lost.

**7.6.** In case:

- a. your Genius Option has expired; or
- b. you have consumed all the benefits provided with your Genius Option; or
- c. you have signed up to Genius Plan;

and you have not topped up with €10 or more to trigger another Genius Option, the rates shall set out in Table 2 shall apply. For the avoidance of any doubt, the rates set out in Table 2 apply also to any out of bundle usage, i.e. usage of services that are not included in the benefits provided with the Genius Options (as stated in Table 1).
